

MANY OPEN GAMBLING PLACES

DENS HI HENRY HAS NOT CLOSED

CHE FA AND OTHER GAMES

And so there is no gambling going on in Honolulu under the wise and honest administration of your uncle Hi Henry! In a stroll round the fair city of Honolulu for about three-quarters of an hour today a representative of the Star visited no less than four gambling places where the goddess of chance was being worshipped by hundreds of her votaries without let or hindrance by the police. Still Hi Henry has the nerve to say that gambling has been suppressed and the Governor is either blind enough or peccant enough to endorse him.

FIRE VIDA AND LESLIE

Henry C. Vida and Sam Leslie paid the forfeit of loyalty this morning. Both were discharged from the police force by High Sheriff Henry. Neither man was told of the discharge, although the High Sheriff claims that he sent for both men and they did not come to his office. The discharges were made known by the following proclamation which was posted in the receiving office of the police station today.

HIGH SHERIFF'S OFFICE.
Honolulu, T. H., June 17, 1905.
The commissions of Henry C. Vida, 2nd Deputy High Sheriff, and Samuel Leslie, Lieutenant of the Mounted Police are this date revoked.

By order of **WILLIAM HENRY,**
High Sheriff, Territory of Hawaii.
"No," said High Sheriff Henry this afternoon "I was not ordered by Governor Carter to discharge those men. I did not do so for political reasons but because Vida had made obscene remarks to people at the corner of Bethel and King streets and Leslie had been jeering at and trying to intimidate the people speaking here. I hope that other members of the police force will profit by their example."

The afternoon a big sensation was created at the corner of Bethel and King streets by Vida making a speech in which he denounced Henry.

ROW AMONG THE CIVIC LEADERS

HUGHES AND RICHARDS ARE OPPOSED TO FERN—TRIED TO HAVE ENDORSEMENT WITHDRAWN.

There is a row on among the Civic Federation leaders. John Hughes, the vice-president, and Theodore Richards of the executive committee of the Federation, are up in arms against Joe Fern, who was endorsed by the Federation for supervisor. Both have declared themselves in letters to the Federation as against Fern and have declared in interviews that they are strongly opposed to Fern. Both agree that he is an unfit man for the office, although the Civic leaders differ as to the details. Richards holds the alleged gin record of Fern against him, while Hughes denounces Fern for political turpitude and says that Fern is unfit to hold office for violating his pledge made at the recent Republican convention.

Both of the leaders have tried to secure the withdrawal of the Civic's endorsement of Fern. Hughes wrote W. R. Castle, the president of the Federation, protesting against Fern. Richards also tried to secure the withdrawal of the endorsement but failed, and now both of them say they are against Fern. Hughes announced positively today that he would withdraw his support of Fern.

CARRIES THIRTEEN TONS OF "MAGIC"

HOWARD THURSTON, MAGICIAN, ON HIS WAY TO AUSTRALIA WITH FOURTEEN ASSISTANTS.

Among the through passenger on the Sonoma is Howard Thurston, one of the rising men in his profession. His profession is that of "magic," sleight of hand, illusion, and the kindred branches of that art of entertaining.

Some idea of the extent and variety of his accomplishments and the breadth of his profession, amounting almost to a business, may be gained from the statement of the fact that he is accompanied by fourteen assistants, mechanics, electricians, and that sort of thing. His appliances for use in his performances occupy thirteen tons of space in the hold of the Sonoma.

Mr. Thurston expects to give a season of entertainment in Honolulu on his return from Australia six or seven months hence. He has been touring

AUSTRALIA MAY GRANT SUBSIDY

OCEANIC STEAMSHIP COMPANY IN HOPES OF OBTAINING MAIL BONUS FROM THAT COUNTRY.

SAN FRANCISCO, June 9.—There is a movement on foot in Australia to induce that Government to give a mail subsidy to the Oceanic Steamship Company of this city, operating the liners Sierra, Sonoma and Ventura between here and Sydney, by way of Honolulu, Pago Pago and Auckland. The line has for a long time enjoyed a subsidy from the New Zealand Government, and that country is represented on every one of the steamers by postal clerks, who sort the mail while at sea, thus adding to the saving in time effected by the vessels of the Oceanic Company.

The New Zealand Government long ago came to the conclusion that this route is the very fastest for the British and colonial mails. Now the idea is becoming general in Sydney that the San Francisco route is more expeditious for mail connections between that Australian city and Great Britain.

Sir Joseph Ward, while recently in Australia, urged upon the Government the advisability of joining New Zealand in maintaining a mail line to San Francisco as the quickest way of reaching Great Britain not only for the mails but for passengers; and it is pointed out by the advocates of the route in Australia that it is the more desirable because it offers connections at San Francisco with the best railroad systems in the world, and more attractions for the tourist than can be found on any other route to England from the Antipodes. There is a probability that the Oceanic Company would increase its service to a fortnightly one should Australia give it a mail subsidy. At present the liners sail every three weeks.

POEPOE AND CARTER

THE HOME RULE-DEMOCRATIC CANDIDATE FOR SHERIFF HAS AN INTERVIEW WITH THE GOVERNOR—SAYS THE GOVERNOR TOLD HIM HE WAS GLAD HE WAS IN THE FIGHT FOR SHERIFF OF OAHU.

Members of the Democratic organization called on Candidate J. M. Poepeo this morning, to get some further explanations of his conference with Governor Carter last Thursday afternoon. The most extraordinary rumors about the conference were in circulation about town, one being that the governor had cordially patted Poepeo on the back and expressed the hope that he would be elected. Sifted down, the fact appears to be that the governor very cordially greeted the fusion candidate and told him he was very glad Poepeo was running. In his report to the Democratic committee Poepeo stated that he was so embarrassed by the gov-

ernor's cordial manner and expressions that he retired. The Democratic committee regarded Carter's actions as an effort to get on good terms with Poepeo, so that the administration will control him if he is elected, and they proceeded to "see" him about it.

Poepeo called on the governor in company with J. K. Prendergast, with the idea of carrying out a Home Rule executive committee request that the governor be asked to prevent sample ballots being used in the polling places. The conference was not successful as far as the request was concerned. (Continued on page 5.)

ACHI'S QUEER POSITION

Senator W. C. Achi is making a campaign against A. M. Brown for the Civic Federation on the ground that Brown failed to enforce the laws against gambling.

Achi himself was arrested on a charge of gambling, by one of Brown's detectives, on August 9, 1904, and was found guilty by District Magistrate Lindsay, with three other defendants. This amusing state of affairs was called to
